Supreme Headquarters Allied Expeditionary Force, Aug. 17.—(P)—Swift American tanks and motorized infantry advanced to within 35 miles of Paris today in a 13-mile plunge across the Aunay river from Chartres, which was captured, along with the three key cities of Orleans, Dreux and Chateaudun.

Lt. Gen. George S. Patton, Jr.'s galloping steel spearheads cut within 27 miles of the Paris suburb of Versailles, which sprawls west of the great French capital.

#### OPPOSITION IS SLIGHT

London, Aug. 17.—(P)—American heavy bombers from Italy attacked the great Romanian oil center of Ploesti today after nearly 1200 RAF heavies from England had plunged 5,600 tons of explosives before dawn into the German Baltic ports of Stettin and Kiel.

Weather limited air support on the west French front although bridge-busting American Marauders and Havocs bombed ten more crossings in front of the retreating Germans, and fighter bombers ranged over Germany, France and Belgium deep behind the lines, attacking communications.

Berlin was pounded with two-ton blockbusters during the night by British Mosquitos.

The Italian based heavies also attacked the Yugoslav rail center of Nis, 120 miles south of Belgrade.

At the same time Mosquitos pounded enemy aircraft behind the western front and dumped blockbusters on Berlin for the third successive night.

Washington, Aug. 17.—(P)—Secretary of State Hull said today that the big four powers do not contemplate coercion of the rest of the world, and that "Governor Dewey can rest assured that the fears which he expressed in his statement are utterly and completely unfounded."

In a formal statement Hull replied to an issue yesterday by the Republican presidential nominee, in which Dewey expressed fears that the four major powers—Britain, Russia, China and the United States—might "coerce" the rest of the world in setting up plans for postwar peace assured by force.

Hull's comment came as proposals for a sort of regionalized responsibility for peace on the part of the big four nations were heard in advance of next week's security talks at the Dumbarton Oaks estate here.

Governor Dewey, in his statement yesterday, said it would be the "rankest form of imperialism" or "coercion" the small nations.

### French Capital Pictured By Berlin As a "City of Chaos"

London, Aug. 17.—(P)—Paris is now a "front line city" and the thunder of approaching American guns can be heard in the city, the German radio said at 4 p. m. today.

The German report pictured the French capital as a city of chaos without food, transportation or police. The gendarmes were said to be striking.

"The churches are overcrowded and special prayers are being said at Notre Dame," said a trans-oceanic (propaganda) office broad-

### Rescuers Busy After Heaviest Robot Assault

By RICHARD KASISCHKE

London, Aug. 17.—(P)—Rescue squads removed dead from the debris of houses and shops, from wrecked buses and street pavements today after one of the heaviest night harries of flying bombs in two weeks.

The attacks were resumed at dawn as the rescue work continued. For several hours last night the Nazis sent waves of robots across the channel at frequent intervals. RAF fighters stopped some of the missiles.

At some places on the southeast coast, bathers and picnickers, seeking respite from the heat, carried on while anti-aircraft shells sprayed the sea for a mile or so offshore.

One robot fell on the busy cross streets of one south England town at shopping town yesterday. Some persons stood in line to purchase fish, while others waited for buses. The bomb killed a number of them and injured others. Many were trapped under the wreckage of a bus.

In another town women waiting in a shopping line rushed to a narrow alley for shelter when a flying bomb plunged toward them. As they reached the alley the bomb struck a wall above and they were buried in the wreckage.

A robot that fell five yards from a children's hospital blasted every window in the building, but the children and staff were safe in the basement. Members of the staff left their charges to attend the many injured brought to the hospital.

#### CONTROL OF TRANSIT COMPANY RETURNED

Philadelphia, Aug. 17.—(P)—Maj. Gen. Philip Hayes returned control of the Philadelphia Transportation Company to the owners at 11 a. m. today, stating that the city's transit facilities.

He said the troops who seized the strike bound system August 3 would return now to their main job of "fighting Japs and Germans."

The federal grand jury continued its investigation of the strike which grew out of resentment against upgrading of eight negro employees. Eleven P. T. C. supervisors were called as witnesses today.

### Farmer Stricken Digging Potatoes

John Murray, aged about 70, died suddenly while digging potatoes in a field on his farm on the Rowley road in Farmington township shortly before 11:30 this morning, according to a report made to the coroner's office, which stated that a neighbor, Burdette Rowley, observed Mr. Murray collapse and rushed to his aid. He died a moment later. Permission was given to remove the body to the Schoonover funeral home in Sugar Grove.

Mr. Murray, who formerly resided at Randolph, N. Y., is survived by a sister, who resides on the Lanning Hill road.

#### SS DIVISION IS ROUTED

By DANIEL DE LUCE

Moscow, Aug. 17.—(P)—The Russians smashed back today with hundreds of field guns at the narrow wedge driven by Nazi tanks and infantry into Ossow, seven miles northeast of Warsaw, in the first Soviet setback since the start of the summer offensive.

The army newspaper Red Star said the Nazis were under severe pressure after losing 68 tanks and suffering several thousand casualties in a two-day counter-attack from the Praga district, just opposite Warsaw on the Vistula's east bank.

At least one SS (elite guard) division was reported put out of action.

This and other Red Army successes elsewhere on the long eastern front balanced the withdrawal from Ossow.

Soviet forces west of the Vistula south of Warsaw smashed into the city of Sandomierz in the battle to expand a bridgehead that threatens to outflank the Polish capital and imperil the Nazi defenses of German Silesia.

This development was viewed in some Moscow quarters as more significant news than the giving of ground northeast of Warsaw.

Some Moscow commentators saw the withdrawal from Ossow as the prelude to the opening of a Red Army drive to crush the Nazis in the center. Indications were that the Russians have the situation in hand on the entire front and that the grand strategy and offensive lies with them.

Russian troops in Estonia captured 70 additional places in the drive beyond Lake Pskov toward the Baltic sea.

### Man Suicides After Killing His Housekeeper and Three Children

Reading, Aug. 17.—(P)—Clyde G. Portner, 29, of West Wyomissing, reconstructed this version of the deaths from the details in Portner's letter to his parents, Mr. and Mrs. Charles Portner.

Portner and Mrs. McDermott had been on a rabbit hunting trip and when the former was about to enter his car his gun discharged, accidentally killing the housekeeper with a shot through the skull.

Portner then drove home. It is not known whether he wrote the letter before or after killing the children.

### Many Value-Saving Bargains Await Times-Mirror Readers

Twice each year the old Dollar Bill assumes unusual importance on Friday and Saturday of this week will be two of those days when for buying value and worthwhile savings the Dollar will be par excellence. The Times-Mirror and most of the leading stores of the city are staging this affair and the folks of the county, who right now have more dollars than normally will have a chance to see just how far a dollar can go.

And according to the advertisements the dollar will make a long trip. The stores that are taking part in the Dollar Days have carefully gone through the stocks and have assembled some offerings that will astonish the buyers that in the face of present day prices such bargains can be offered.

As usual Times-Mirror readers will have an opportunity to save a pretty penny by paying their subscriptions during the two Dollar Days. Bills have been sent out to all readers and the office will be prepared to take care of all callers.

Philadelphia plants suspended all sales late yesterday to build up a reserve for increasing demands. Lewistown started its rationing program with householders limited (Turn to Page Two)

### Allied Armies Will Drive In And Occupy Both Japan and Germany Roosevelt Promises

By HOWARD FLIEGER

Washington, Aug. 17.—(P)—President Roosevelt returned to Washington today from a 15,000-mile war trip into the Pacific to declare that Allied armies will drive in and occupy Germany and Japan even should resistance collapse short of enemy borders.

It was the first definite assertion that Germany and Japan will not be able to use the Allies' own war goal—unconditional surrender—to keep our forces out of their home-

lands.

This time, the president said, Germany will not escape the mili-

tary occupation which she dodged by armistice in the first World War.

Mr. Roosevelt made the statement to a news conference aboard his special train as it approached Washington at a time when Allied forces were pushing ashore in powerful new landings on the south-

ern coast of France.

The president—back in Washington after a 35-day absence that took him to Hawaii and the Aleutians where his ship skirted within 900 miles of Japanese territory—planned to discuss his Pacific tour as soon as possible with military leaders and Secretary of State Hull.

He also will meet promptly with congressional leaders, he said, but he does not intend to make a formal report to congress.

Asked if he will meet with Senator Harry Truman of Missouri, the president said he will see his vice presidential running mate if the latter is in Washington. The two have had no opportunity to talk things over since the Democratic convention put them together on the fourth term ticket.

Mr. Roosevelt met reporters of The Associated Press, the United Press, The International News Service and a representative of the four major radio networks as his train moved east from Seattle, Wash., where he ended his Pacific trip Saturday.

Tanned by the sun and sea air, he appeared in jovial spirits despite the five weeks of travel and the dismal weather he encountered in the far north. He joked with the four newsmen who accompanied him for most of the trip and laughed at statements that some sources read political implications into his journey.

There were no political things in it, he said, adding that those who think they found politics in the trip know more about it than he does.

The president's return to Washington spurred immediate speculation over the possibility of another meeting soon with Prime Minister Churchill of Great Britain. It has been their custom since the war began to meet about once every six months and the last time they were together was in December.

Mr. Roosevelt said he knew nothing of internal troubles in Germany that can make us feel sure the German war machine will blow early. We hope there will be more trouble inside Germany, he said, but that may turn out to be wishful thinking.

The air tight secrecy which attended the president's route as he went west from Washington last month gave way a bit on the trip back to the White House. Crowds which gathered at railroad stations through the northwest got an occasional wave and nod from the chief executive in contrast with the drawn curtains which kept his presence aboard concealed from station spectators on the way out.

### 800 Prisoners To Help Cut Pulpwood

Baltimore, Aug. 17.—(P)—Approximately 800 German prisoners of war will be stationed in western Pennsylvania within the next month to cut pulpwood. Third Service Command headquarters announced today.

Old CCC camps at Kane, Marienville, Sheffield and Wellsboro will be used to house the prisoners, and approximately 200 men will be placed in each camp.

The Wellsboro camp will open in about a month, officials said, while the other three are scheduled to open within the next 10 or 15 days.

### Day's News Is Not So Good For Japanese

By J. B. KRUEGER

Associated Press War Editor

Bad news for Japan came from three directions today: Allied planes struck new blows at 11 enemy bases, Admiral Nimitz declared the navy was set for a nonstop Pacific war, and President Roosevelt grimly pledged that Japan would be occupied even though it surrenders before it is invaded.

The president, home from a 15,000-mile tour of Pacific bases, made it clear Japan would not be able to squirm out of unconditional surrender by quitting before Allied land forces reach her shores. United Nations troops will move right in.

### Appeal For Vets Is Made By Governor

Harrisburg, Aug. 17.—(P)—Governor Martin told the Pennsylvania American Legion today "our boys must come back to the kind of government they are fighting to protect and maintain."

"We want for them and all of us a country governed by laws and not by men," he said in an address prepared for a joint session of the department and the Legion auxiliary as main sessions of the 22nd convention got under way. x x x

"What I am saying is not partisan and it applies to both political parties," he said. "The Legion and other veterans' organizations know what has been and what has not been done. They are the voices that should speak—they and not those are trying to climb into office over the shoulders of the veteran."

Saying a G-I bill is not enough, Martin insisted government cannot do all that should be done for the veteran but that his family, his church and organizations of servicemen share in the responsibility for "his guidance back into the world of peace."

The four-day convention, which is expected to bring 2,700 delegates here, opened yesterday with a service officers conference on rehabilitation.

### Former Officer of Co. I Is Killed In Action In France

Followed by one day notification that he had been wounded in action in France, Mrs. Russell J. Kelley, of Russell, received a telegram from the War Department this morning that her husband, Lt. Kelley, died of wounds on July 27.

No further details were contained in the brief message but it stated a letter would follow and it is hoped that additional news will be received by that time.

Thirty years old last November 3, Lt. Kelley was the son of Mr. and Mrs. Marvin Kelley and was born in Russell. He left Warren with Company I of the 112th Infantry in February, 1941, and went

overseas in September, 1942. He had been stationed in England until he entered France with the invasion forces.

The last word had from him by his family was a letter written in Normandy on July 23, in which he said he was "OK."

Besides his wife, who was the former Edna Coan, he leaves a small daughter, Catherine Maude, who is about two and whom he had never seen; his parents; one sister, Mrs. Vivian Weisbrod, all of Russell.

### Explorers Off For Canoe Trip On Allegheny

Emulating the travelers of years gone by, a group of Warren lads assembled a flotilla of five canoes on Wednesday and pushed off for a trip down the Allegheny river to Oil City.

Accompanied by Byron Knapp, boys comprising the expedition were Tommy Hampson, Don White, John Robertson, Jay White, Joe Waller, Bob Swick, Bill Taylor, John Knapp and Leland Daye.

Most of these are members of the Explorers Scout Troop from First Presbyterian church. They started out from the Blomquist canoe livery at North Warren and quite a gathering assembled on the bridge to watch them pass through town a short time later.

It is expected they will return on Saturday, spending the intervening nights along the river bank in camps they will provide for themselves.

### Ethyl Gasoline Shortage Here

The familiar "ping" and knock in auto motors is returning. Titusville gasoline dealers report a general shortage of ethyl gasoline and say they have no idea when more will be available. Some ethyl pumps are dry already and what few in town still hold ethyl will be empty shortly.

To conserve the stock of ethyl fluid so that sufficient would be available for military gasoline, the government has ordered that ethyl gasoline for civilian use be held to a 70 octane rating. Before the war it was 80 or higher, ample to keep the knocks out of motors, but a cut of ten points decreases its efficiency greatly.

But despite the government's efforts, not enough ethyl compound seems to be available to make as much of the 70 octane gas as dealers could sell.

### Party Will Be Enjoyed On Library Lawn

The public library is having a party tomorrow afternoon for all the boys and girls who have met the minimum requirements in the Book Army Game. All boys and girls enrolled in any of the service branches who have read and reported on five books may attend tomorrow's party.

Prizes will be awarded and special recognition will be given all top-ranking officers. Parents of top-ranking officers will also be guests at the party.

In addition to the presentation of the awards there will be a special program. Highlight of the program will be a story-telling period, conducted by Mrs. Gerry Archibald. This will be the first time Mrs. Archibald has had a story-hour since the highly successful series closed in the spring. A surprise has been planned in connection with the story which will appeal to all the boys and girls.

The party will be held on the library lawn at four o'clock if the weather is favorable and inside the library if the day is rainy. One of the interesting features will be the special displays, which include a collection of bird nests loaned by Richard Updegraff, the first top-ranking officer in the Library's armed services game. The party will close with the serving of dixie cups to all the guests.

Winners of the prizes and the top-ranking officers will be announced in tomorrow's edition of the Warren Times-Mirror.

In the last 24 hours the Red Army was said to have destroyed 118 German tanks in fighting all along the front.

Other fires were reported roaring along the Italian Riviera.

Allied casualties were reported moderate. The Allied command declared there was good evidence enemy losses were heavy.

Although enemy resistance has been light, "it has not been as slight as first thought," it was said officially.

Flier reported fires roaring early today in the Nice harbor and along the Italian Riviera west of Genoa.

These reconnaissance reports appeared to substantiate German reports that the Nazis had wrecked harbors at Nice, Cannes and St. Tropez.

Enemy radio reports indicated the Germans were fearful of landings around Genoa, Italy's leading port. Fires were seen west of there and may mean destruction of military stores.

The state police barracks here has been asked by the York police to assist in locating Emma Sipe, aged 51, whose father Joseph Sipe, died in that city on August 15. She was last heard of in Virginia. Any person knowing of her whereabouts or any method of communicating with her is asked to call the Pennsylvania State Police, 2436.

**FIREMEN HAVE RUNS**  
Two grass fires were extinguished by the fire department yesterday afternoon and evening. The first call was to the foot of Parker street and the second to the foot of Irvine street. This morning at 7:05 an alarm was sounded from the New Process building. High pressure had touched off the fire alarm attached to the sprinkler system. No loss was occasioned in any of the fires.

**PASTURES AFFECTED**  
Dairymen in this section report that the long dry spell is seriously drying up the feed in pastures, following an unusually favorable season earlier in the year when grass was more abundant than in many seasons. Present conditions are making auxiliary feeding vital if cattle are to be kept in condition and milk production maintained. Many are turning their cows into meadows or providing other extra feed.

## Capt. Paul Borg Master Pilot In "Cannonball" Service

Captain Paul Borg

Son of Mr. and Mrs. G. M. Borg, 102 Canton street, Captain Borg is now flying a "Cannonball" in the Africa-Orient Service.

Miami, Fla., Aug. 14—Capt. Paul M. Borg, son of Mr. and Mrs. Gus M. Borg, 102 Canton street, Warren, Pennsylvania, is one of the Master Pilots flying the "Cannonball" service, the world's fastest air passenger and cargo transportation scheme.

The "Cannonball" speeds soldiers and vital supplies to our far-flung battlefronts halfway around the world over 11,500 miles of ocean, jungle, desert and mountain in 3½ days.

Operated by Pan American Airways' African-Orient Division under contract to the Air Transport Command, it links Florida, via Brazil and Africa with fighting fronts in India, Burma and China.

Captain Borg has made 30 crossings of the South Atlantic on this run, flying as far east as Karachi, India. He has logged 6,500 hours of flying time.

"Sneaking through space with the swiftness that its name implies," says Borg, "the 'Cannonball' carries men and material halfway around the world and back in seven days, crossing two oceans and touching four continents. It is the world's first 'around the clock' air transport service, which means that the big planes are scheduled out, night and day, in all sorts of wind and weather."

Graduating from Penn State with a B. S. degree in Mechanical Engineering in 1933, Captain Borg decided flying was more to his liking than Engineering. He entered the Navy as an aviation cadet at Pensacola, in 1934 and received his commission in 1936. In November, 1936, he joined Pan American Airways in the Eastern Division at Miami, Fla. While with Eastern, Captain Borg flew the Caribbean area as far south as Rio de Janeiro, Brazil. When the Germans invaded Poland in September, 1939, he was flying back to New York from Marseilles, France with the Atlantic Division. Back to Eastern again in 1941 to fly navigation runs to Havana and Nassau and finally to Africa-Orient Division in

December, 1942, where he was later to fly the "Cannonball", one of the roughest, toughest, fastest air transport routes in history.

"Our Pan American World Airways' crews," says Captain Borg, "flash out of their Florida base in huge silver-winged carriers, stripped of added pounds of camouflage to give them increased speed of five miles an hour."

"Thundering down the Caribbean and across the Amazon, they head eastward over the Atlantic from Brazil, span Africa from Gold Coast to Nile, dip onto the sands of Arabia, and sail out across the Arabian sea to deliver their high priority passengers and cargo to a North Indian port."

To make this lightning service of supply to Uncle Sam's hard-fighting eastern forces, the "Cannonball" carriers are in the air five out of seven days.

Crews operating this record service do the job in five relays. One flies the plane to the first relay point, where the huge craft is serviced fuel and oil tanks replenished and cargo taken on or unloaded. Then more high speed with a second crew operating, this crew being relieved by a third crew 2,500 miles distant. On the other side of over, and on the last leg of the flight into India, there is a fifth crew. Thus, a flight crew completes a circuit in about 19 days, and then goes home for a period of rest.

"From India, badly needed supplies are air-trucked over jagged, ice-covered Himalayan peaks into China by daring Army Air Transport Command pilots and Pan American airmen in the CNAC (China National Aviation Corporation) service," Borg relates.

The Captain is married to a former Miami nurse, Jessie Steph. On his time off between trips, the Borgs like to go deep sea fishing. "Haven't hooked a big one yet," the Captain reports mournfully.

### SCHOLARS AND DOLLARS

School buildings in the borough and county have been renovated and reconed for the opening of the fall and winter term during the next three weeks. As a matter of fact, a reminder in another column states that schools in Mead township will resume August 28th—one week from next Monday.

"How you goin' to keep 'em down on the farm," a World War I ditty wanted to know, "after they've seen Parer?" Today the less metrical but more serious question is: How are you going to get them back to the little red school house, after they've had a taste of work at war wages?

It's a question that has American educators worried. High school enrollments have been dropping for three years. This spring they were off a million, or about 14 per cent, from the peak year of 1940-41. So, in an attempt to check the downward curve of enrollment, the United States Office of Education has announced a "Go-to-School" campaign for this fall.

The Office of Education realizes, however, that a national drive can do little more than call attention and point the way. The real work must be done in every community, according to local needs. These needs are varied and complex. Probably they are worst in "boom towns" where educational facilities have been unable to keep up with mushroom growth of population. The problems are grave in any industrial cities with labor shortages. But they exist in almost every community. For the problems are emotional as well as material.

The war has forced responsibility and opportunity on older high school students. It has quickly pushed them into a semblance of maturity, brought new importance to them, new temptations. In many places youngsters have been offered adult work at adult wages and have left school to earn more than their fathers were making before the war.

Such youngsters are going to balk at exchanging their new personal and financial independence for the old humdrum and discipline of school. For in numerous communities their work, which has been of real value, is still going to be needed.

So a lot of school boards and city fathers are going to have to learn, if they haven't already, that the problem is going to require practicality rather than pious preachment. It may be necessary to combine war work and school work for the duration.

But in the meantime an intelligent job will have to be done in reselling the youngsters on the value of schooling. They will have to be taught how the problems of readjustment and re-employment affect them. It may be hard to convince them that the time will come when jobs can't be picked like plums, when wages will be lower, and some job opportunities will carry educational requirements. But it must be done.

Money talks. School teachers and other civic leaders will just have to talk a little louder.

### NEWSPAPER ADVERTISING

"Newspaper advertising produces two to one over all other forms of advertising," says Frank D. Holmes, director and secretary of the New Jersey Board of Commerce and Navigation and secretary of the New Jersey Council, the state's advertising agency.

"Our results have shown that newspaper advertising is the best medium for quick, definite results, and figuring the cost of newspaper advertising with all other forms, it is cheapest, considered on the dollar spent for the dollar returned."

That is pleasant for newspapers to know. They have suspected something of the sort, but like to be reinforced in their belief by hard facts. It is good for the advertiser to know also. From the smallest classified ad, appearing only once or twice, inserted by the person who wants to sell a chair or a cow, to the biggest display ad covering a page, the advertiser gets his money's worth best when he puts his ad in his daily newspaper.

President Roosevelt's declaration that Germany and Japan will be occupied by Allied military, even though they surrender unconditionally before their borders are crossed by victorious armies, will ease a lot of anxious minds which have feared that the gangsters might by some skulduggery squirm out of their just and necessary deserts.

### T-H-O-U-G-H-T-S

As the mountains are round about Jerusalem, so the Lord is round about his people from henceforth even for ever.—Psalms 125:2.

Glorious indeed is the world of God around us, but more glorious the world of God within us.—Longfellow.

## Washington In Wartime

By FRANK I. WELLER

(During Jack Stinnett's vacation this column is being written by members of the Washington Staff of The Associated Press.)

WASHINGTON—When "Missy" left, there was only "Steve" ... Stephen T. Early, secretary to the President, the sixth and last of F.D.R.'s original White House "inner circle."

"Missy," Miss Marguerite A. Le Hand, who died July 31, was a veteran of the select group. She had been Mr. Roosevelt's personal secretary for 22 years.

Those who had left before her the pathway the President called "selfless devotion" were: Tom Lynch, F.D.R.'s New York state political advisor; Louis Howe, first "secretary to the President"; Miss Margaret Durand of the White House secretarial service, and Marvin McIntyre, presidential secretary. The five had been in White House service since 1933.

The Inner Circle sprang from an impelling fact of Roosevelt behavior—an almost "fraternity-brother" loyalty to those associated with his early career. It seems F.D.R. had an unflinching trust in them. When the going got tough he put the cards on the table and said in effect: "If I've done wrong, bawl me out. If I've done even half-right tell me how to make it 100 per cent."

HOWE, who had been Mr. Roosevelt's secretary in the New York State Senate, stayed on as No. 1 man when F.D.R. became President Wilson's assistant secretary of the Navy (1913-20) and when he served as governor of New York (1929-33).

During the Cox-Roosevelt 1920 campaign, Howe held down state headquarters in New York City. Miss Durand, who came to the White House with Howe, was his personal secretary.

Lynch, McIntyre and Miss Le Hand ... borrowed by Mr. Roosevelt from the New York state Democratic secretarial pool ... accompanied the vice presidential campaign tour to the west coast. Early was the advance agent for speaking appointments and arrangements.

After the Harding-Coolidge victory, Howe occupied private apartments at the Roosevelt ancestral Hyde Park estate; in F.D.R.'s home just off Fifth Avenue in the East 60's ... then exclusive territory of the Manhattan first-family aristocracy ... and (1929-33) in the governor's mansion at Albany.

"Loey" kept plugging to put "The Boss" in the White House.

FROM 1920 on, Miss Le Hand ... tall, elegant and nationally known as "Missy" in the childish language of Anna, the Roosevelt daughter ... stayed on as F.D.R.'s personal secretary. Mrs. Roosevelt virtually adopted her as a member of the family.

Slender, studious Miss Durand became "Missy's" encyclopedic assistant.

The long, lean McIntyre and robust, handsome, dashing "Steve" Early, in his young days a reporter for The Associated Press, pitched into jobs (after 1920) as Washington representatives for newsworthy companies until Mr. Roosevelt rounded up the old 1920 stalwarts for confidential assignments in 1933.

Steve Early, sometimes in his lonesome moments, says: "There was a good gang."

## YEARS AGO IN WARREN

Interesting Items Taken From The Warren Evening Times

In 1924

The old corner stone of the Outing Club was opened yesterday and copies of the Warren Times and Mirror, some hand bills advertising the Printz store and a list of the Club members in 1904 were found. The list of members could not be read due to the moisture affecting the paper.

Directors of the Warren County Exposition met last evening and laid further plans for the big show to be held over Labor Day. Dick Jones reported that more concessions have asked for space than ever in the history of the Exposition.

Clarence Hulings, who has for a long time served as drum major of the Zeta Zeta Temple band will not be able to accompany the band on a tour planned in this section. His physician has forbidden him making the trip.

Will Bloss is reported to have killed a copperhead snake while mowing grass near Barnes. This is the first report of this variety of snake having been found in this section in many years.

New home grown potatoes were on the street market this morning. There were ten hucksters present with their trucks.

In 1934

The annual Columbus picnic was held yesterday and it was largely attended. Judge Thomas J. Prather was the speaker of the day and his talk was greatly enjoyed.

A. H. Irwin today killed a blacksnake on Morrison Run road that measured 66 inches in length. It was a huge snake and refused to move as Mr. Irwin approached.

The Lander Community Fair is scheduled for September 7-8. The committees in charge are arranging for some fine displays and a good program.

Franklin R. Hoff, of this city was one of the speakers before the group interested in the young peoples work. His talk was well received and he was warmly congratulated.

J. B. Leidig will meet Friday evening with the squad which has been asked to be present at a pre-practice opening meeting. Coach Leidig is a little fearful of his team this year but that is Jake's annual reaction just before a season opens.

## State Defense Council Opens Recreation Center for Youth

Harrisburg, Aug. 16—Beginning August 19, an abandoned barn remodeled and fitted out with dance floor, radio and refreshment stand, will provide supervised recreation for teen-age boys and girls at Kenhorst, near Reading, according to an announcement by Mrs. Worthington Scranton, Commander of War Services in the State Council of Defense.

This will be the first Teen-age Recreational center sponsored by the State Council of Defense. The building was reconstructed mainly by carpenters, painters and other artisans who donated their services, and the furniture was given by residents of the community. The hosts and hostesses, one of whom will always be present when the building is in use by the children, will be volunteers from the local civilian Defense council.

The problem of teen-age children is primarily a local one, Mrs. Scranton observed and pointed out that the new program is spontaneous, started by the children themselves. Centers such as the one being opened at Kenhorst will serve as "club houses" for children from 11 to 13 years of age. In various cities and towns where such centers are opened equipment will be supplied, on request, by Civilian Defense authorities.

Local conditions will govern the operation of the centers and no two of them are expected to be exactly alike, Mrs. Scranton said. For example, in one community the children may want an art school while in another they may all clamor for jitterbug dancing. Local Civilian Defense councils will try to meet the needs of individual communities.

The Council of Defense is desirous of keeping these centers very simple and largely furnished through the initiative of the children and the generosity of the local residents.

The Teen-age Recreational program is under the direction of Harry Hirsch, of Wilkes-Barre.

## Tighten Rules On Lumber

Home owners needing lumber for repair work will not be given preference ratings to assist them in obtaining lumber except in extreme emergency cases, manager Ralph W. DeLancey of the War Production Board Erie district office said today.

Mr. DeLancey pointed out that home owners who are flooding the WPB and Federal Housing Administration field office with applications to receive assistance through preference ratings cannot expect such assistance in getting lumber except for extreme emergency repair purposes.

Lumber for making non-emergency repairs is bought on unclassified and unratified orders from lumber dealers who have been allotted small quantities of lumber for the third quarter of 1944 to take care of the essential requirements of small customers.

Priority assistance can be given to obtain lumber for essential housing repairs only in cases of justified emergency.

In general, damage caused to dwellings by fire, flood, tornado, earthquake, storm or similar catastrophe is considered justification for emergency ratings when the

damage is of such nature as to make the dwellings unfit for continued occupancy. Examples of such are: leaks in roof, weakening of the framework, separation of lateral supports from the main supports of the structure, broken joists or risers, Mr. DeLancey explained.

Deterioration of lumber because of wear and tear parts will not be lumber if the parts to be replaced considered an emergency need for will function without repair for at least another three months.

Application for emergency ratings to obtain lumber for emergency repairs should be made to the nearest Federal Housing Administration field office on Form WPB-2896, and must show that the extent of the damage is such that the dwelling is unfit for use unless repaired.

Home owners are urged by WPB and the Federal Housing Administration to refrain from attempting to obtain ratings for any but the most essential emergency lumber needs. Direct and indirect military requirements for lumber are so high, and total essential lumber demand so far in excess of supply, that all unnecessary use of lumber must be curtailed, Mr. DeLancey said.

Grand Coulee dam contains enough concrete to provide a 36 1/2 pound cement souvenir to every resident of the United States.

The opening date of the 1944-1945 school term in the Hamilton township schools is September 5, 1944, at 8:50 a. m.

The teachers for the year include the following: Miss Catherine Bellucci, Erie, mathematics and social studies; Lyell B. Carr, supervising principal and science; John V. Gaynor, grade 7 and 8 and boys' physical education; Miss Macie E. Johnson, Corry, English and social studies; Miss Elizabeth A. Hess, State College, music; Miss Barbara H. Lively, Eldred, grades 3 and 4; Miss Mary C. Mathers, Erie, French, Latin, and girls' hygiene; Miss Thelma M. Pieper, Corry, grades 5 and 6; Miss Violet Swanson, grades 1 and 2.

Because of the resignation of Mrs. Christine Prentice, former teacher at the Morrison Run school, pupils from that area, both elementary and high school, are being transported to the Ludlow school. Mrs. Prentice has been in service for a number of years and has reached the Pennsylvania retirement age following this period of faithful service to the children of her school. Her home is in Bradford, Pa.

Miss Elizabeth Ann Hess, the newly chosen teacher of music, is a graduate of the Lebanon Valley College music department in the Class of 1944. Chosen as one of the outstanding artists in the Lebanon Valley Conservatory of Music, she was also a member of the college band, girls' band, college orchestra, chorus, and glee club. Miss Hess takes the place of Miss Mary C. Maxwell, resigned. During her three years of work in Ludlow, Miss Maxwell did an outstanding piece of work in building up the school orchestra and other school musical organizations.

Everything but the Onions

Some enterprising citizen in a little town in New York state's Finger Lake district made the discovery that the dime slot machine in a local joy spot would give two plays if you put in a ration token, followed by a coin. The news got around. Result: the jackpot winner gets not only the price of a steak, but the necessary ration points as well.

He stated that he was hit by a shell fragment but was making satisfactory recovery. From Pvt. Fargo's word to his mother, it would indicate that the injury was to the leg.

#### WAS ON AIR

It is learned that the Warren soldier heard on the Ladies Be Seated program on Tuesday afternoon was Pfc. Allen Raleigh, of Newark, N. J., who has had a few days furlough to join his parents, Mr. and Mrs. Archie H. Raleigh, Orchard street, in New York City. The Raleighs were accompanied east by Mr. and Mrs. Clint DeKay, of Jamestown, N. Y.

#### WRITES SPLENDID OUTLINE OF ACT

In a very interesting letter to the Times-Mirror, Pfc. William J. Ferry, located somewhere in the Central Pacific Area, tells what is meant by the branch of service known as the Air Transport Command. Those in charge of the service news regret very much that time and space do not permit publication of the well written and comprehensive explanation of just what part this service has in the carrying on of the war overseas.

#### BROTHERS HOME

Peter A. Frontera, of the Army Air Corps, Frank Frontera, seaman second class from Sampson, N. Y., and Joe Frontera, fireman first class in from hostile waters of the Atlantic, are all home at one time to visit their parents, Mr. and Mrs. John Frontera, Clarendon. Another brother, Dominic, is serving overseas.

## Brokenstraw Garden Club Held Meeting

Youngsville, Aug. 16—A largely attended meeting of the Brokenstraw Valley Garden Club was held Tuesday evening at the home of Mrs. C. A. Solberg. A delicious tureen dinner was enjoyed. Mrs. C. C. Johnson presided at the business session. The roll call response was the naming of annual. An invitation from Mr. and Mrs. E. E. Hendrickson to meet in September at their cottage at Allegheny Springs was accepted. This will be a tureen with the committee to assist the hostess Mrs. R. L. Mead, Mrs. James Hamilton and Mrs. Alice Streeter.

Mrs. Roy McDowell gave a very interesting talk on flower arrangement for a Fair. She spoke of the opportunity of artistic arrangement in the shadow or framed effect of single bouquets. She also spoke of the baskets of mixed flowers, where there should be a harmony of color as well as variety.

In order to stimulate community interest in the arrangement of flowers in the home, the Brokenstraw Valley Garden Club decided to offer three prizes at the coming Community Fair, a first, second and third prize. The flowers are, to be placed in containers and arranged suitable for a dining table. The public is invited to compete in the contest.

Guests expressed appreciation to Mrs. Solberg for her hospitality. Mrs. Solberg's parents Mr. and Mrs. Frank Martin of Garland, former local residents and Mrs. Ruth Monahan of West Palm Beach, Florida, sister of the hostess were out of town guests.

**DEATH OF UNCLE**  
Mrs. Kamilla Garner of Painsville, Ohio, and son Jack were weekend guests of her cousin and wife Mr. and Mrs. V. D. Smith. While here a message was received of the death of Mr. Smith's and also Mrs. Kamilla Garner's uncle Charles Newton of Painsville.

Tuesday Mr. and Mrs. Smith accompanied their guests to Painsville where they will attend the funeral service.

**ENJOY PICNIC MEETING**  
Youngsville Business and Professional Women's Club held a tureen dinner meeting Monday evening at the home of Mrs. Nellie Anderson, West Main street. The first part of the meeting including a pleasing luncheon was held out of doors.

At the business session Mrs. Nellie Anderson was elected treasurer to fill the vacancy made by the resignation of Mrs. Hazel Hale. It was decided to accept the invitation of Mrs. Mildred Harner and to have the September meeting an outing on her farm near Chandlers Valley. The next two meetings are to be held at the Ruby Tea Room.

Youngsville B.P.W. are now planning to aid the Library Association by making a complete canvass of the town to enroll members formerly in the Library Association and also to enroll new members. The dues in the Library Association are \$1.00 yearly. Mrs. Roy McDowell is chairman for this drive and also for the tag day sponsored by the B. P. W. Club for the Library but with the Girl's

Scouts selling the tags on the street in the near future.

## DETAIL FOR TODAY

A retired man called back into the service is a RETREAD. As it is necessary to put in 20 or 30 years continuous service before being retired, an enlisted RETREAD is easily identified by the number of service stripes worn on the sleeve of his jumper or coat—one red stripe for each four years' service. After 12 years with good conduct, gold stripes can be worn. The RETREAD's start at his wrist and continue to his elbow. Because of his age and experience, a RETREAD is usually found at shore stations or training camps. As can be expected, it is his utmost desire to get back out to sea and show the young landlubbers how to fight a war.

The cast of characters to appear in the Beaty auditorium on Sunday evening at 7:30 include Duane Wilder, John Lewis, Fred Frantz, Jean MacLaren, Janet Cannon, Carolyn Huber, Geraldine Peterson, Hugh Jamieson, Blaine Lauffer, Nick Geracimos, John Erickson, Leland Day, James Farrell, Georgia Spinney, Luke Miller, Alan Woodruff, Judson Hetrick, Grace Young, William Clinger, Rowell Hoff and Robert Wilder.

The reader's continuity will be given by Olive Archibald Huff, who is in charge of the production. Mrs. Huff is being assisted in the direction by Miss Cecelia Burch. Mrs. Robert Walsh will have charge of properties and will be assisted by Dick Harris, Jeannine Mathy and Billie McKendrick.

The last community religious drama presented by the Christian Youth Council made a deep impression on those who attended the early Easter service. As a result the Sunday evening presentation has been prepared at the request of the Ministerial Association's committee on the summer community worship services, headed by Rev. Furman, Georgia Spinney, vice president of the council and chairman of the program committee, has been in charge of arrangements.

## Revamped Forgers Win From Falconer at Hospital, 10 to 3

The National Forge made it two in a row over Falconer and 25 out of 27 for the season by defeating the New Yorkers 10-3 last night on the hospital diamond.

Manager Creola's revamped lineup unleashed a four-run barrage in the third inning and then pushed across clusters of three runs in the fourth and fifth stanzas before Lefty Hausler silenced their bats. Falconer, port side, found it difficult to locate the plate issuing five walks. His wildness plus faulty fielding by his team mates kept him in trouble constantly.

Freeborough, starting for the Forge, gave up one run in the first when he walked the first batter and was touched for three singles.

A fast two-ply killing, Natalie to Morrison to Gagliardi, prevented more scoring. Hoyt relieved him in the fifth and was touched for two runs.

Dick Giegerich paced the Forge sticklers with a double and two singles. Morrison and Gagliardi also bashed out two hits to drive in runs at opportune times. Fielding gems were turned in by Giegerich at third and peppy Andy Natalie at short.

Practice sessions are being held the remainder of the week in preparation for the Buffalo Colored Giants game Sunday at Wilder field at two o'clock.

### PONY LEAGUE

Buffalo, N. Y., Aug. 17—(P)—The Batavia Clippers nosed the Jamestown Falcons out of second place in the PONY League last night when they chalked up an 11-3 win over the Erie Sailors.

The Clippers scored six runs in the ninth inning, and the Sailors used four pitchers before they could stop the rally. Batavia Pitcher George Pette gave up 13 hits, but was effective with runners on bases.

The scheduled Jamestown-Lockport game was postponed because of rain.

The Wellsville Yankees nipped the Bradford Blue Wings for 17 hits to eke out an 11-10 victory. Bob Alexander, Yankee pitcher, held the Blue Wings to seven hits in eight innings. He was replaced in the ninth by Hal Corcoran.

Olean swept its three-game series with the Hornell Pirates with a 5-1 win. President Fred Hering piloted the Pirates in the game, taking the place of Manager Frank Parenti whose resignation was announced yesterday.

Today's games: Wellsville at Hornell, Bradford at Olean.

## S-P-O-R-T-O-R-I-A-L-S

(By Joe Gardner)

There were so many hi-lights in the old timers game at the Jamestown Municipal Stadium last Sunday that space permits the mention of but a few. Time and again the crowd was brought to their collective feet to witness some episode like the strike out of "Don" Zibble. "Don" struck out, threw down his bat and started for the dug-out, not realizing that the catcher had dropped the third strike. The catcher picked up the ball and attempted to throw it to first thus completing the play, however instead, he threw the ball wild out into right field. Zibble sensing that something had gone wrong turned in his tracks and raced for first base. The right fielder for Jamestown picked up the ball threw it to the second baseman, who had come over towards first base to help in the play, and that worthy muffed the ball but it caromed off his glove like a billiard shot right into the hands of the first baseman who was standing on the bag and this dizzy relay beat Zibble to the bag by a step.

The fans got quite a thrill when "Pike" Peterson uncovered his famous blooper ball. "Pike" was the originator of this type of pitch way back in his palmy days, his maiden attempt to use his blooper failed when the umpire ruled that the pitch was illegal because it burlesqued baseball. The blooper is a peculiar pitch and "Pike" has promised us he will uncover it again on the 26th at the Hospital.

The Kiwanis couldn't have picked a better man to head their old timers baseball committee for the benefit of Warren County's underprivileged kids than "Rusty" Elliott, Doctor Russell Elliott, to give him his full title, was known in his high school and college days to be the high pressure promoter of his day as many of his friends will remember. Energetic and resourceful to the nth degree he is bound to successfully carry out the mission assigned to him.

## Athletics May Have Last Say On Whether Browns Win Out

By JACK HAND  
(Associated Press Sports Writer)

Mr. Baseball from Philadelphia may have the last say in the American League pennant race, although Connie Mack's Athletics today were buried in the bottom half of the standings.

The old gent with the scorecard, who recently celebrated his 50th anniversary as a manager, watched the A's put 4-2 a crimp in the Browns last night in the opener of a 4-game series.

St. Louis boasted only a 9-7 season edge in games with Philadelphia with 6 to go. The Mack-men have held Boston even in 14 starts with 8 to be played and led Detroit 10 to 9 with 3 to go. Among the contenders, only the New York Yankees had a decided bulge on the A's with 11 out of 17.

Russ Christopher stopped the Browns last night for the second time in a row and his fifth straight victory at Jack Kramer's expense. The Browns' 6-1 game lead was not affected but the loss served to flash a yellow warning signal of trouble ahead.

The Detroit Tigers took the Boston Red Sox into camp, 4-2, on Rudy York's 12th homer with two on in the seventh.

New York moved to within a game of second and 7½ of St. Louis on a dramatic ninth-inning homer by Bud Metheny with two on that doomed Cleveland, 11-8. Ed Lopat hurled Chicago to a 7-2 victory over Washington although

Johnny Niggeling fanned 11 in 8 innings for the losers.

In the National, St. Louis set a modern record for reaching win No. 80 on the earliest date by shutting out New York, 5-0, behind Fred Schmidt who usually sees duty only as a relief man.

Pittsburgh took sole possession of second place when rain washed out its game after two innings and Cincinnati fell before Brooklyn's Curt Davis, 3-1, snapping the Dodgers' 5-game losing streak.

Bill Nicholson became the first National Leaguer and third big leaguer to hit two grand slam homers this season when he walked No. 27 with the sacks loaded as Chicago thumped Boston, 11-3.

## Struthers Wallop Merchants At Stockton Picnic Exhibition

Yesterday at the 7th annual Stockton town picnic, Bob Schussler limited the Corry Merchants to only two hits as the Struthers-Wallop batted out 21 hits to trounce the Corrymen 19-4.

In the first inning Warren started out with four runs. Vesling and Lundquist doubled, Jewell walked, Marlett and Reed singled. Corry succeeded in getting nothing. Came the second and Struthers' took advantage of three singles and two Corry errors to cross the keystone with three more.

Corry in the second gained three runs as one batter was hit, another got on on an error and four were walked. For Warren in the third, five men singled, one walked, and three errors were committed by Corry which gave the ironmen another six runs. Corry again failed to score. In the fourth, Warren collected three more to their credit. Lundquist, McLean, and Bonavita doubled, and Schussler and Jewell doubled.

Came the fifth and Corry got their last run of the contest, Group scoring on an error. For Warren in the fifth, Bonavita scored the lone tally when Vesling made a beautiful single.

Corry not scoring in the remainder of the game. Warren went ahead to break their three years scoring record. In the sixth they came through with two more to bring the final score to 19-4. The game was originally scheduled for nine innings, but because of the length of the first seven innings, the game was called.

The Struthers' team is idle until "Red" Swanson day the 27th.

## Sunday Game at Wilder Field Will Start at Two O'clock

For the Giants, Pete McQueen, Burton and Savage are the most potent men with the stick, although all of the colored boys are dangerous.

As a matter of fact, fans are wondering whether it will be the heavy sticking of the two clubs or the pitching which will decide Sunday's contest, for both teams are strong in both departments.

As a result of the many features being offered in the way of diamond warfare, one of the biggest crowds of the season is expected Sunday.

In the hitting department the two teams are as equally matched as any two outfits to be seen in this vicinity this summer. On the Forge club, Creola, Rosequist and Morrison all are over the 400 mark, while Joe Massa and Andy Natalie are just under the figure.

United States naval shipping losses since Pearl Harbor represent \$1,600,000,000.

### Fifty Years With "Red" Swanson

The folding up of the Pennsylvania, West Virginia League was a fortunate break for Warren's representative team the famous Butterkrust team. It was known that Biber who owned and operated the Butterkrust club secured the best talent for his club even he had to "shanghai" players. His method of "signing" Swanson just about came under that category.

The Butterkrusts were just pulling out of the station, as the story goes, when Biber decided to count noses before he got to Oil City where they were to play that day. Woe and behold, count as he would he couldn't get past eight. When he rushed to the platform he saw no one but our hero "Red" standing there very innocently admiring the train pulling out. When questioned "Red" cannot tell the day how he got on the train, but there he was and he was being informed that he was today's short stop at Oil City. Protesting that he had no equipment, they soon quieted him with a suit that he and two other fellows could have worn and told him that he had played in that. Play he did for the game and the rest of the 1914 season as well as the 1915 and 1916 season.

## Ballots Being Mailed Today To Servicemen

By nightfall this evening it is expected that all of the military ballots from this county will be in the mails for the men in the armed forces. In all between 2200 and 2300 ballots will have been mailed. The board has been busy during the past few weeks going over the lists checking duplications, persons under age and non-residents.

Warren county is mailing many more than some of the counties in this section. The canvass made in this county was especially thorough and the work of the Council of Defense under the direction of W. T. Corbett was above the average done in the state.

Just how many ballots will be returned is another question but it is expected that a large percentage will be cast in the fall election.

## Bombers Shake Ground Passing Over Clarendon

A fleet of 50 odd large planes passed over Clarendon, Kinzua and other points east of Warren yesterday and gave residents of that section a real thrill. It was the largest number of planes ever to pass over this section and one Clarendon woman reported "the ground shook as they passed over."

Because the planes were flying at such a high altitude identification was made difficult. However many have an idea that they were C-47s, large cargo planes. The planes hit the river south of Warren and seemed to be following the stream as they passed over Oil City. The complete flight took several minutes to pass over Clarendon.

Just exactly how many planes were in the group was difficult to know as the people who saw the flight announce that they counted anywhere from 44 to 60. The planes were flying in formation and made a beautiful sight.

One of the purposes of the World's Women's Christian Temperance Union is to suppress trade in opium.

## Explorers Off For Canoe Trip On Allegheny

Emulating the travelers of years gone by, a group of Warren lads assembled a flotilla of five canoes on Wednesday and pushed off for a trip down the Allegheny river to Oil City.

Accompanied by Byron Knapp, boys comprising the expedition were Tommy Hampson, Don White, John Robertson, Jay White, Joe Waller, Bob Swick, Bill Taylor, John Knapp and Leland Daye.

Most of these are members of the Explorers Scout Troop from First Presbyterian church. They started out from the Blomquist canoe livery at North Warren and, quite a gathering assembled on the bridge to watch them pass through town a short time later.

It is expected they will return on Saturday, spending the intervening nights along the river bank in camps they will provide for themselves.

## Ethyl Gasoline Shortage Here

The familiar "ping" and knock in auto motors is returning. Titusville gasoline dealers report a general shortage of ethyl gasoline and say they have no idea when more will be available. Some ethyl pumps are dry already and what few in town still hold ethyl will be empty shortly.

To conserve the stock of ethyl fluid so that sufficient would be available for military gasoline, the government has ordered that ethyl gasoline for civilian use be held to a 70 octane rating. Before the war it was 80 or higher, ample to keep the knocks out of motors, but a cut of ten points decreases its efficiency greatly.

But despite the government's efforts, not enough ethyl compound seems to be available to make as much of the 70 octane gas as dealers could sell.

### PASTURES AFFECTED

Dairymen in this section report that the long dry spell is seriously drying up the feed in pastures, following an unusually favorable season earlier in the year when grass was more abundant than in many seasons. Present conditions are making auxiliary feeding vital if cattle are to be kept in condition and milk production maintained. Many are turning their cows into meadows or providing other extra feed.

## Party Will Be Enjoyed On Library Lawn

The public library is having a party tomorrow afternoon for all the boys and girls who have met the minimum requirements in the Book Army Game. All boys and girls enrolled in any of the service branches who have read and reported on five books may attend tomorrow's party.

Prizes will be awarded and special recognition will be given all top-ranking officers. Parents of top-ranking officers will also be guests at the party.

In addition to the presentation of the awards there will be a special program. Highlight of the program will be a story-telling period, conducted by Mrs. Gerry Archibald. This will be the first time Mrs. Archibald has had a story-hour since the highly successful series closed in the spring. A surprise has been planned in connection with the story which will appeal to all the boys and girls.

The party will be held on the library lawn at four o'clock if the weather is favorable and inside the library if the day is rainy. One of the interesting features will be the special displays, which include a collection of bird nests loaned by Richard Updegraff, the first top-ranking officer in the library's armed services game. The party will close with the serving of dixe cups to all the guests.

Winners of the prizes and the top-ranking officers will be announced in tomorrow's edition of the Warren Times-Mirror.

While most eastern communities reported above 90 temperatures, a rainstorm dropped the mercury under 90 in Pittsburgh for the first time in seven days.

Reading reported an 85-degree peak and said the water situation at nearby Hamburg and Birdsboro was critical.

Allentown with a maximum of 95 degrees experienced its 34th day of the summer with above 90 temperatures.

In Harrisburg, where the mercury reached the 96 mark, weather officials said the accumulated excess in temperature since Aug. 1 is 104 degrees.

Philadelphia reported 94 degrees and Lancaster 93.

east of Siauliai in Lithuania, the Germans also mounted a large counterblow there. A Russian war bulletin, however, announced that the Nazis were repelled in that sector and military men apparently were not concerned over the situation there.

The Soviet bulletin stressed losses suffered by the Nazis northeast of Warsaw. It declared 30 enemy tanks, seven self-propelled guns, 11 armored troop carriers and four armored cars were left wrecked on a battlefield strewn with hundreds of Nazi dead.

In the last 24 hours the Red Army was said to have destroyed 118 German tanks in fighting all along the front.

were seen moving out of Genoa, the historic port of northern Italy where there were heavy Allied pre-invasion bombings. These were going westward, apparently to protect Nazi-held Italy behind the Gothic line.

Smaller scale enemy movements also were seen between Nice and Imperia, on the coast just inside the Italian border.

Other fires were reported roaring along the Italian Riviera. Allied casualties were reported moderate. The Allied command declared there was good evidence enemy losses were heavy.

Although enemy resistance has been light, "it has not been as slight as first thought," it was said officially.

Pier reported fires roaring early today in the Nice harbor and along the Italian Riviera west of Genoa.

These reconnaissance reports appeared to substantiate German reports that the Nazis had wrecked harbors at Nice, Cannes and St. Tropez.

Enemy radio reports indicated the Germans were fearful of landings around Genoa. Italy's leading port. Fires were seen west of there and may mean destruction of military stores.

Unofficial estimates place prisoners at about 3,000. Unloadings of men, guns, tanks and supplies exceeded expectations, an official announcement said.

The "Cannonball" speeds soldiers and vital supplies to our far-flung battlefronts halfway around the world over 11,500 miles of ocean, jungle, desert and mountain in 3½ days.

Operated by Pan American Airways' African-Orient Division under contract to the Air Transport Command, it links Florida, via Brazil and Africa with fighting fronts in India, Burma and China.

Captain Borg has made 30 crossings of the South Atlantic on this run, flying as far east as Karachi, India. He has logged 6,500 hours of flying time.

"Striking through space with the swiftness that its name implies," says Borg, "the 'Cannonball' carries men and material halfway around the world and back in seven days, crossing two oceans and touching four continents. It is the world's first 'around the clock' air transport service, which means that the big planes are scheduled out, night and day, in all sorts of wind and weather."

Graduating from Penn State with a B. S. degree in Mechanical Engineering in 1933, Captain Borg decided flying was more to his liking than Engineering. He entered the Navy as an aviation cadet at Pensacola, in 1934 and received his commission in 1936. In November, 1936, he joined Pan American Airways in the Eastern Division at Miami, Fla. While with Eastern, Captain Borg flew the Caribbean area as far south as Rio de Janeiro, Brazil. When the Germans invaded Poland in September, 1939, he was flying back to New York from Marseilles, France with the Atlantic Division. Back to Eastern again in 1941 to fly navigation runs to Havana and Nassau and finally to Africa-Orient Division in

December, 1942, where he was later to fly the "Cannonball", one of the roughest, toughest, fastest air transport routes in history.

"Our Pan American World Airways' crews," says Captain Borg, "dash out of their Florida base in huge silver-winged carriers, stripped of added pounds of camouflage to give them increased speed of five miles an hour."

"Thundering down the Caribbean and across the Amazon, they head eastward over the Atlantic from Brazil, span Africa from Gold Coast to Nile, dip onto the sands of Arabia, and sail out across the Arabian sea to deliver their high priority passengers and cargo to a North Indian port."

To make this lightning service of supply to Uncle Sam's hard-fighting eastern forces, the "Cannonball" carriers are in the air five out of seven days.

Crews operating this record service do the job in five relays. One flies the plane to the first relay point, where the huge craft is serviced fuel and oil tanks replenished and cargo taken on or unloaded. Then more high speed with a second crew operating, this crew being relieved by a third crew 2,500 miles distant. On the other side of over, and on the last leg of the flight into India, there is a fifth crew. Thus, a flight crew completes a circuit in about 19 days, and then goes home for a period of rest.

"From India, badly needed supplies are air-trucked over jagged, ice-covered Himalayan peaks into China by daring Army Air Transport Command pilots and Pan American airmen in the CNAC (China National Aviation Corporation) service," Borg relates.

The Captain is married to a former Miami nurse, Jessie Steph. On his time off between trips, the Borgs like to go deep sea fishing. "Haven't hooked a big one yet," the Captain reports mournfully.

### SCHOLARS AND DOLLARS

School buildings in the borough and county have been renovated and reconditioned for the opening of the fall and winter term during the next three weeks. As a matter of fact, a reminder in another column states that schools in Mead township will resume August 28th—one week from next Monday.

"How you goin' to keep 'em down on the farm," a World War I ditty wanted to know, "after they've seen Parer?" Today the less metrical but more serious question is: How are you going to get them back to the little red school house, after they've had a taste of work at war wages?

It's a question that has American educators worried. High school enrollments have been dropping for three years. This spring they were off a million, or about 14 per cent, from the peak year of 1940-41. So, in an attempt to check the downward curve of enrollment, the United States Office of Education has announced a "Go-to-School" campaign for this fall.

The Office of Education realizes, however, that a national drive can do little more than call attention and point the way. The real work must be done in every community, according to local needs. These needs are varied and complex. Probably they are worst in "boom towns" where educational facilities have been unable to keep up with mushroom growth of population. The problems are grave in any industrial cities with labor shortages. But they exist in almost every community. For the problems are emotional as well as material.

The war has forced responsibility and opportunity on older high school students. It has quickly pushed them into a semblance of maturity, brought new importance to them, new temptations. In many places youngsters have been offered adult work at adult wages and have left school to earn more than their fathers were making before the war.

Such youngsters are going to balk at exchanging their new personal and financial independence for the old humdrum and discipline of school. For in numerous communities their work, which has been of real value, is still going to be needed.

So a lot of school boards and city fathers are going to have to learn, if they haven't already, that the problem is going to require practicality rather than pious preachments. It may be necessary to combine war work and school work for the duration.

But in the meantime an intelligent job will have to be done in reselling the youngsters on the value of schooling. They will have to be taught how the problems of readjustment and re-employment affect them. It may be hard to convince them that the time will come when jobs can't be picked like plums, when wages will be lower, and some job opportunities will carry educational requirements. But it must be done.

Money talks. School teachers and other civic leaders will just have to talk a little louder.

### NEWSPAPER ADVERTISING

"Newspaper advertising produces two to one over all other forms of advertising," says Frank D. Holmes, director and secretary of the New Jersey Board of Commerce and Navigation and secretary of the New Jersey Council, the state's advertising agency.

"Our results have shown that newspaper advertising is the best medium for quick, definite results, and figuring the cost of newspaper advertising with all other forms, it is cheapest, considered on the dollar spent for the dollar returned."

That is pleasant for newspapers to know. They have suspected something of the sort, but like to be reinforced in their belief by hard facts. It is good for the advertiser to know also. From the smallest classified ad, appearing only once or twice, inserted by the person who wants to sell a chair or a cow, to the biggest display ad covering a page, the advertiser gets his money's worth best when he puts his ad in his daily newspaper.

President Roosevelt's declaration that Germany and Japan will be occupied by Allied military, even though they surrender unconditionally before their borders are crossed by victorious armies, will ease a lot of anxious minds which have feared that the gangsters might by some skullduggery squirm out of their just and necessary deserts.

## Washington In Wartime

By FRANK I. WELLER

(During Jack Stinnett's vacation this column is being written by members of the Washington Staff of The Associated Press.)

WASHINGTON—When "Missy" left, there was only "Steve" . . . Stephen T. Early, secretary to the President, the sixth and last of F.D.R.'s original White House "inner circle."

"Missy," Miss Marguerite A. Le Hand, who died July 31, was a veteran of the select group. She had been Mr. Roosevelt's personal secretary for 22 years. Those who had left before her the pathway the President called "selfless devotion" were: Tom Lynch F.D.R.'s New York state political advisor; Louis Howe, first "secretary to the President;" Miss Margaret Durand of the White House secretarial service; and Marvin McIntyre, presidential secretary. The five had been in White House service since 1933.

The Inner Circle sprang from an impelling facet of Roosevelt behaviour . . . an almost "fraternity-brother" loyalty to those associated with his early career. It seems F.D.R. had an unfaltering trust in them. When the going got tough he put the cards on the table and said in effect: "If I've done wrong, bawl me out. If I've done even half-right tell me how to make it 100 per cent."

HOWE, who had been Mr. Roosevelt's secretary in the New York State Senate, stayed on as No. 1 man when F.D.R. became President Wilson's assistant secretary of the Navy (1913-20) and when he served as governor of New York (1929-33).

During the Cox-Roosevelt 1920 campaign, Howe held down state headquarters in New York City. Miss Durand, who came to the White House with Howe, was his personal secretary.

Lynch, McIntyre and Miss Le Hand . . . borrowed by Mr. Roosevelt from the New York state Democratic secretarial pool . . . accompanied the vice presidential campaign tour to the west coast. Early was the advance agent for speaking appointments and arrangements.

After the Harding-Coolidge victory, Howe occupied private apartments at the Roosevelt ancestral Hyde Park estate; in F.D.R.'s home just off Fifth Avenue in the East 60's . . . then exclusive territory of the Manhattan first-family aristocracy . . . and (1929-33) in the governor's mansion at Albany. "Looney" kept plugging to put "The Boss" in the White House.

FROM 1920 on, Miss Le Hand, tall, elegant and nationally known as "Missy" in the childish language of Anna, the Roosevelt daughter . . . stayed on as F.D.R.'s personal secretary. Mrs. Roosevelt virtually adopted her as a member of the family. Slender, studious Miss Durand became "Missy's" encyclopedic assistant.

The long, lean McIntyre and robust, handsome, dashing "Steve" Early, in his young days a reporter for The Associated Press, pitched into jobs (after 1920) as Washington representatives for newsreel companies until Mr. Roosevelt's confidential assignments in 1933. Steve Early, sometimes in his lonesome moments, says: "There was a good gang."

## YEARS AGO IN WARREN

Interesting Items Taken From The Warren Evening Times

In 1924

The old corner store of the Outing Club was opened yesterday and copies of the Warren Times and Mirror, some hand bills advertising the Printz store and a list of the Club members in 1904 were found. The list of members could not be read due to the moisture affecting the paper.

Directors of the Warren County Exposition met last evening and laid further plans for the big show to be held over Labor Day. Dick Jones reported that more concessions have asked for space than ever in the history of the Exposition.

Clarence Hulings, who has for a long time served as drum major of the Zen Zen Temple band will not be able to accompany the band on a tour planned in this section. His physician has forbidden him making the trip.

Will Bloss is reported to have killed a copperhead snake while mowing grass near Barnes. This is the first report of this variety of snake having been found in this section in many years.

New home grown potatoes were on the street market this morning. There were ten hucksters present with their trucks.

In 1934

The annual Columbus picnic was held yesterday and it was largely attended. Judge Thomas J. Prather was the speaker of the day and his talk was greatly enjoyed.

A. H. Irwin today killed a blacksnake on Morrison Run road that measured 66 inches in length. It was a huge snake and refused to move as Mr. Irwin approached.

The Lander Community Fair is scheduled for September 7-8. The committees in charge are arranging for some fine displays and a good program.

Franklin R. Hoff, of this city was one of the speakers before the group interested in the young people's work. His talk was well received and he was warmly congratulated.

J. B. Leidig will meet Friday evening with the squad which has been asked to be present at a pre-practice opening meeting. Coach Leidig is a little fearful of his team this year but that is Jake's annual reaction just before a season opens.

## State Defense Council Opens Recreation Center for Youth

Harrisburg, Aug. 16—Beginning August 19, an abandoned barn remodeled and fitted out with dance floor, radio and refreshment stand, will provide supervised recreation for teen-age boys and girls at Kenhorst, near Reading, according to an announcement by Mrs. Worthington Scranton, Commander of War Services in the State Council of Defense.

This will be the first Teen-age Recreational center sponsored by the State Council of Defense. The building was reconstructed mainly by carpenters, painters and other artisans who donated their services, and the furniture was given by residents of the community. The hosts and hostesses, one of whom will always be present when the building is in use by the children, will be volunteers from the local civilian Defense council.

The problem of teen-age children is primarily a local one, Mrs. Scranton observed and pointed out that the new program is spontaneous,

started by the children themselves. Centers such as the one being opened at Kenhorst will serve as "club houses" for children from 11 to 13 years of age. In various cities and towns where such centers are opened equipment will be supplied, on request, by Civilian Defense authorities.

Local conditions will govern the operation of the centers and no two of them are expected to be exactly alike, Mrs. Scranton said. For example, in one community the children may want an art school while in another they may all clamor for jitterbug dancing. Local Civilian Defense councils will try to meet the needs of individual communities.

The Council of Defense is desirous of keeping these centers very simple and largely furnished through the initiative of the children and the generosity of the local residents.

The Teen-age Recreational program is under the direction of Harry Hirsch, of Wilkes-Barre.

## Tighten Rules On Lumber

Home owners needing lumber for repair work will not be given preference ratings to assist them in obtaining lumber except in extreme emergency cases, manager Ralph W. DeLancey of the War Production Board Erie district office said today.

Mr. DeLancey pointed out that home owners who are flooding the WPB and Federal Housing Administration field office with applications to receive assistance through preference ratings cannot expect such assistance in getting lumber except for extreme emergency repair purposes.

Lumber for making non-emergency repairs is bought on uncertified and unrated orders from lumber dealers who have been allotted small quantities of lumber for the third quarter of 1944 to take care of the essential requirements of small customers.

Priority assistance can be given to obtain lumber for essential housing repairs only in cases of justified emergency.

In general, damage caused to dwellings by fire, flood, tornado, earthquake, storm or similar catastrophe is considered justification for emergency ratings when the

damage is of such nature as to make the dwellings unfit for continued occupancy. Examples of such are: leaks in roof, weakening of the framework, separation of lateral supports from the main supports of the structure, broken joists or risers, Mr. DeLancey explained.

Deterioration of lumber because of wear and tear parts will not be lumber if the parts to be replaced considered an emergency need for will function without repair for at least another three months.

Application for emergency ratings to obtain lumber for emergency repairs should be made to the nearest Federal Housing Administration field office on Form WPB-2596, and must show that the extent of the damage is such that the dwelling is unfit for use unless repaired.

Home owners are urged by WPB and the Federal Housing Administration to refrain from attempting to obtain ratings for any but the most essential emergency lumber needs. Direct and indirect military requirements for lumber are so high, and total essential lumber demand so far in excess of supply, that all unnecessary use of lumber must be curtailed, Mr. DeLancey said.

The teachers for the year include the following: Miss Catherine Bellucci, Erie, mathematics and social studies; Lyell B. Carr, supervising principal and science; John V. Gaynor, grade 7 and 8 and boys' physical education; Miss Macie E. Johnson, Corry, English and social studies; Miss Elizabeth A. Hess, State College, music; Miss Barbara H. Llewellyn, Eldred, grades 3 and 4; Miss Mary C. Matthers, Erie, French, Latin, and girls' hygiene; Miss Thelma M. Pieper, Corry, grades 5 and 6; Miss Violet Swanson, grades 1 and 2.

Mrs. Prentice has been in service for a number of years and has reached the Pennsylvania retirement age following this period of faithful service to the children of her school. Her home is in Bradford, Pa.

Miss Elizabeth Ann Hess, the newly chosen teacher of music, is a graduate of the Lebanon Valley College music department in the Class of 1944. Chosen as one of the outstanding artists in the Lebanon Valley Conservatory of Music, she was also a member of the college band, girls' band, college orchestra, chorus, and glee club. Miss Hess takes the place of Miss Mary C. Maxwell, resigned. During her three years of work in Ludlow, Miss Maxwell did an outstanding piece of work in building up the school orchestra and other school musical organizations.

Some enterprising citizen in a little town in New York state's Finger Lake district made the discovery that the dime slot machine in a local joy spot would give two plays if you put in a ration token, followed by a coin. The news got around. Result: the jackpot winner gets not only the price of a steak, but the necessary ration points as well.

## Brokenstraw Garden Club Held Meeting

Youngville, Aug. 16—A largely attended meeting of the Brokenstraw Valley Garden Club was held Tuesday evening at the home of Mrs. C. A. Solberg. A delicious tureen dinner was enjoyed. Mrs. C. C. Johnson presided at the business session. The roll call response was the naming of annual. An invitation from Mr. and Mrs. E. E. Hendrickson to meet in September at their cottage at Allegany Springs was accepted. This will be a tureen with the committee to assist the hostess Mrs. R. L. Mead, Mrs. James Hamilton and Mrs. Alice Streeter.

Mrs. Roy McDowell gave a very interesting talk on Flower arrangement for a Fair. She spoke of the opportunity of artistic arrangement in the shadow or framed effect of single bouquets. She also spoke of the baskets of mixed flowers, where there should be a harmony of color as well as variety.

In order to stimulate community interest in the arrangement of flowers in the home, the Brokenstraw Valley Garden Club decided to offer three prizes at the coming Community Fair, a first, second and third prize. The flowers are to be placed in containers and arranged suitable for a dining table. The public is invited to compete in the contest. Guests expressed appreciation to Mrs. Solberg for her hospitality. Mrs. Solberg's parents Mr. and Mrs. Frank Martin of Garland, former local residents and Mrs. Ruth Monahan of West Palm Beach, Florida, sister of the hostess were also of town guests.

### DEATH OF UNCLE

Mrs. Kamilla Garner of Painsville, Ohio, and son Jack were weekend guests of her cousin and wife Mr. and Mrs. V. D. Smith. While here a message was received of the death of Mr. Smith's and also Mrs. Kamilla Garner's uncle Charles Newton of Painsville.

### ENJOY PICNIC MEETING

At the business session Mrs. Nellie Anderson was elected treasurer to fill the vacancy made by the resignation of Mrs. Hazel Hale. It was decided to accept the invitation of Mrs. Mildred Harner and to have the September meeting an outing on her farm near Chandlers Valley. The next two meetings are to be held at the Ruby Tea Room.

Youngville B.P.W. are now planning to aid the Library Association by making a complete canvass of the town to enroll members formerly in the Library Association and also to enroll new members. The dues in the Library Association are \$1.00 yearly. Mrs. Roy McDowell is chairman for this drive and also for the tag day sponsored by the B. P. W. Club for the Library but with the Girl's

## DETAIL FOR TODAY Retread

A retired man called back into the service is a RETREAD. As it is necessary to put in 20 or 30 years continuous service before being retired, an enlisted RETREAD is easily identified by the number of service stripes worn on the sleeve of his jumper coat—one red stripe for each four years' service. After 12 years with good conduct, gold stripes can be worn. The RETREAD starts at his wrist and continue to his elbow. Because of his age and experience, a RETREAD is usually found at shore stations or training camps. As can be expected, it is his utmost desire to get back out to sea and show the young landlubbers how to fight a war.

### New Corporation Supervising Sales of Local Electric Product

Local business men have set up a new corporation called Certified Electric Corporation for the purpose of more effectively distributing the products of the Warren Lamp Company, Solar Electric Corporation, Sunray Electric, Inc. and the Warren Plastics Corporation.

These local companies have teamed up for increased civilian production, and recognize that an aggressive sales organization will be a necessity as soon as the present sellers market disappears. A Delaware charter has been authorized, and at the first meeting of the board of directors called a few days ago, Weston Ensforth was elected to be president and general manager.

The company already has sixteen salesmen on the road to introduce Warren made incandescent lamps, fluorescent lamps, plug fuses, cartridge fuses, dry cells, plastic closures, etc., on a direct to consumer basis throughout the nation, and from the worthwhile start already made the management of this new corporation is optimistic that it can effectively serve in building up the local industries by increasing their sales after the war.

Offices have been opened up in the office building that formerly served the Warren Furniture property.

### Rehearsal For Drama Will Be Held Tonight

There will be a dress rehearsal this evening at seven o'clock in the Beaty school for the Christian Youth Council's drama, "Alone the Stranger Passes."

Mrs. George Spinney and Mrs. Herbert Harris have charge of the costuming of the 21 characters in this unusually effective religious play. The beauty of the drama is accentuated by the colorful lighting and the carefully plotted lighting effects, worked out by Robert Wilder and Guillo Fino.

The cast of characters to appear in the Beaty auditorium on Sunday evening at 7:30 include Duane Wilder, John Lewis, Fred Prins, Jean MacLaren, Janet Cannon, Carolyn Huber, Geraldine Peterson, Hugh Jamieson, Blaine Lauffer, Nick Geracimos, John Erickson, Leland Day, James Farrell, Georgia Spinney, Luke Miller, Alan Woodruff, Judson Hetrick, Grace Young, William Clinger, Rowell Hoff and Robert Wilder.

The reader's continuity will be given by Olive Archibald Huff, who is in charge of the production. Mrs. Huff is being assisted in the direction by Miss Cecelia Burch.

Mrs. Robert Walsh will have charge of properties and will be assisted by Dick Harris, Jeannine Mathyer and Billie McKendrick.

The last community religious drama presented by the Christian Youth Council made a deep impression on those who attended the early Easter service. As a result the Sunday evening presentation has been prepared at the request of the Ministerial Association's committee on the summer community worship services, headed by Rev. Furrman, Georgia Spinney, vice president of the council and chairman of the program committee, has been in charge of arrangements.

### Allied Armies Will Drive In and Occupy Both Japan and Germany

(From Page One)  
His daughter, Mrs. Anna Boettger who boarded the train at Seattle, exercised Fala, the president's scotty, at several stops. The little black dog attracted as much attention as the train itself, tugging at his leash while youngsters coaxed, "here, Fala," or shouted to one another, "Look, here's the president's dog!"

The train trip back and forth across the country took the president into 21 states.

### Former Officer of Co. 1 is Killed in Action in France

(From Page One)  
been received by Mr. and Mrs. James Rhoades, of Pleasant township, informing them that their son, Pvt. Dewey Rhoades, has been reported missing in action in France since July 20.

Pvt. Rhoades had his basic training at Camp Shelby, Miss., and was transferred from there to Fort George G. Meade, Md.

He arrived in England about April 30 of this year and remained there until about June 16, when he was sent to France. After he had participated in the Battle of Hill 192, his family had word from him that he was still safe. A letter written home on July 23 was received here on August 7.

Released by the War Department today is a list of Pennsylvanians wounded in action in the European area is the name of Pfc. Bruno F. Salerno, son of Mrs. Rose Salerno, 814 West Fifth avenue.

## Ballots Being Mailed Today To Servicemen

By nightfall this evening it is expected that all of the military ballots from this county will be in the mails for the men in the armed forces. In all between 2200 and 2300 ballots will have been mailed. The board has been busy during the past few weeks going over the lists checking duplications, persons under age and non-residents.

Warren county is mailing many more than some of the counties in this section. The canvass made in this county was especially thorough and the work of the Council of Defense under the direction of W. T. Corbett was above the average done in the state.

Just how many ballots will be returned is another question but it is expected that a large percentage will be cast in the fall election.

## Bombers Shake Ground Passing Over Clarendon

A fleet of 50 odd large planes passed over Clarendon, Kinzua and other points east of Warren yesterday and gave residents of that section a real thrill. It was the largest number of planes ever to pass over this section and one Clarendon woman reported "the ground shook as they passed over."

Because the planes were flying at such a high altitude identification was made difficult. However many have an idea that they were C-47s, large cargo planes. The planes hit the river south of Warren and seemed to be following the stream as they passed over Oil City. The complete flight took several minutes to pass over Clarendon.

Just exactly how many planes were in the group was difficult to know as the people who saw the flight announce that they counted anywhere from 44 to 60. The planes were flying in formation and made a beautiful sight.

One of the purposes of the World's Women's Christian Temperance Union is to suppress trade in opium.
